Legacy— Established in 1914 as East Bengal Railway Co-Operative Society with its office beside the Railway Training Institute at Sealdah, it was later renamed in its current style to reflect the evolved areas of geography coverage.

The partition and formation of Pakistan resulted in significant loss of membership and writing off loans from the books of its then prosperous branch at Chattogram (now, Chittagong) which had to be abandoned, in erstwhile East Pakistan (now, Bangladesh).

On February 10, 2010 the Society received banking License from RBI and since then have been functioning as an unscheduled Urban Co-operative Bank. It is head quartered in Kolkata with four branches & eleven camp offices spreaded over West Bengal, Assam & Bihar.

The history of the Bank is entwined with the development of railway lines in its jurisdiction and rich with heritage. The

present head office used to be the residence of a very prominent jewel merchant, purchased in 1961 through an auction.

We are committed to preserve this rich heritage and continue with the tradition of Social & Inclusive Banking to serve the financial & social needs of the employees of Indian Railways.

I. INTRODUCTION :

Serving the Daily Heroes of Indian Railways is the DNA of the Bank. The on-ground staff on the train, at the stations, in between stations and also those who are working to construct new railway lines and maintain old ones in far flung remote locations, form the bulk of our membership population.

Through their small, micro but very meaningful transactions, they own the equity, invest in most of the Bank's various savings schemes & accounts and constitute 100% of the lending book of the Bank.

Apart from providing holiday homes and guest houses at concessional rates, several initiatives are underway to add value to the membership through welfare programs and activities with the sole objective of economic & social welfare of the members. Eastern & North-East Frontier Railway Co-operative

Bank Welfare Fund is an active fund growing through yearly contribution from Indian Railways in a manner linked with the loan disbursements by the Bank.

Compulsory Retirement Benefit Deposit is another unique savings proposition that converts tiny monthly savings at attractive interest rates to a nice lump sum on retirement along with withdrawal of the membership. The compounding power of interest works its magic.
